Title: *Respect and Respectability: Susan Price at Mansfield Park*
A standalone Jane Austen sequel | Regency | coming of age inspirational fiction | © 2018

Back cover: Susan Price, introduced by Jane Austen in *Mansfield Park*, comes of age in the standalone sequel *Respect and Respectability: Susan Price at Mansfield Park*.

Susan is ecstatic about joining her sister Fanny to live with the Bertrams at Mansfield, but Susan is no Fanny, and the Bertrams have lost respect as a result of their children's excesses.

Two wars are raging, and three Price brothers are at sea, but distractions at Mansfield include new-found luxury and neighbors and newcomers. The rector's evangelical sympathies threaten Susan's view of God, and abolitionists challenge her enjoyment of comforts made possible by her uncle's slaves, yet through it all, her mind and artistry and beauty grow.

By the time of her glittering coming out in the summer of 1815, Susan is enticed by testimonies, envious of others' exploits, and entangled in love. Shedding her old life to accept the new one of faith is her first and final obstacle.

Author/Official bio: Tess Adone earned her B.A. and M.A. in English after serving in the U.S. Air Force. She taught and tutored college expository writing for fifteen years. Among other pursuits, she worked as an executive assistant for a decade. In 2019, she published a Jane Austen sequel, *Respect and Respectability: Susan Price at Mansfield Park*, when she was sixty-three. Now retired and in her early seventies, she is writing The Neston Novels Series. *Neston* was released in 2023, *The Dragon of Neston* in 2024, and the third book is slated for 2027. Set in a fictional locale in her home state of Vermont and inspired by personal memories and experiences, including her faith in Jesus Christ, the books in the series are told in chronological order to form one long story. Several novels are planned for the series, so the better part of Tess Adone's fiction writing career lies ahead.
